Manufacturer & Exporter of
Builder's Hardware

DOOR AND WINDOW FITTINGS

Our company is established in 1965 by Mr. B. Kumar at heart of Indian Brassware Capital- Aligarh.

We are manufacturers and exporters of Door and Window Fittings including- Door Handles on Plate/Rose, Door Pull Handles, Door Knockers, Door Stoppers, Mortise Knobs, Numerals, Door Plates, Casement Stay, Cabin Hook, Single Hook, and Hat & Coat Hook.

The Finish available with us are: Satin Nickel, Antique Brass, Black Silver, Polished Chrome, Satin Chrome, and Matt Satin Nickel.

Our products are produced to the highest quality in Aluminium, Brass, Steel and Zinc.

Mr. Kumar is joined by his son Amit Jain after completing Engineering from Delhi and MBA from Nottingham Trent University, U.K in the year 2000.

We have stringent quality control parameters at each stage of production. We are proud to inform you that our company is ISO 9001:2015 certified.

We have a satisfied clientele and that is the reason buyers have maintained good and old relations as trustworthy supplier.

We have a well-equipped factory spread across an area of 1500 square meters.

We use standard quality of Lever Handle accessories which are duly tested at customer's end and received satisfactory report.

The Electrostatic process of lacquering gives uniform deposition of lacquer even on edges and smooth finish on the surface of metal.

We are regularly supplying our products to the reputed buyers located in UK, Ireland, France, Spain, Germany, Italy, Denmark, Poland, Lithuania, South America, South Africa, Australia and New Zealand.

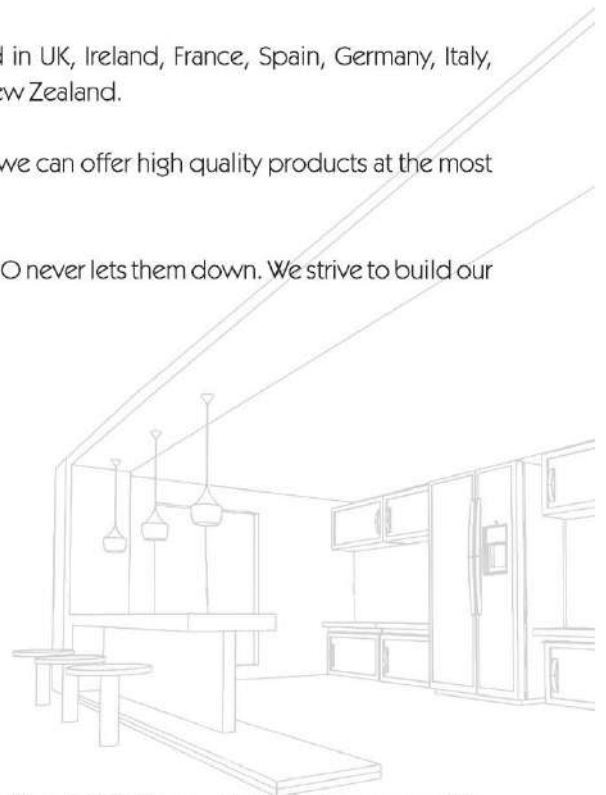

We never compromise quality for cheaper prices and are confident that we can offer high quality products at the most competitive prices.

We know that our customers rely on quality products and KUMAR METALCO never lets them down. We strive to build our reputation through its following key strengths:

- Quality Products
- Production Capacity
- Large Product Line
- Competitive Prices
- Buyer's Satisfaction

Experienced R & D Skills

- Our Commitment and Promise:
- Be fair to the buyer, environment and workforce -No Child Labour
- Innovate and develop for country specific markets
- Hard work with vision and long term perspective
- Promise to deliver the timely delivery of goods ordered

We have installed Aluminium Cold Chamber Pressure Die-casting 120 Ton x 2, Zinc Pressure Die-casting Machine 88 Ton, along with complete tool room for development of dies.

We have also installed plating unit for better quality of our products and faster production process.

Please favour us with an opportunity and we assure to supply you quality products on timely basis.

We also welcome Buyer's Design and Specification.
